PATENT BRANCH.

Dear Sir/

We have your favor of the 18th. inst. File 213078 re the location of James LaRoque's (son of Louis LaRoque of Edmonton) scrip in which you say he signed the application for location in the ordinary way while the transfer of the land to us is signed by his mark and asking for a satisfactory explanation on this point before the assignment is dealt with.

In reply we beg to say that when the writer closed this transaction with LaRoque not thinking out that Laroque like the greater number of half-breeds could not write merely asked him to make his mark and he did so without stating that he could write and his mark was properly witnessed.

We have to-day called in LaRoque and have had him execute a new transfer to us which we now enclose and trust this explanation will be satisfactory.

Your obedient servants

Sir,

Referring to your letter of the 7th instant, file #83205, I beg to request that you will advise Mr. J.W. Stultz of the effect of the report of Homestead Inspector Cunningham, giving him 20 days within which to explain the discrepancy in his application for patent for the North East 1/4 of Section 16, Township 48, Range 15, West of the 4th Meridian, pointing out that the Department will probably have to take steps with a view to cancelling his patent, unless he is willing to reconvey the land to the Crown. If he does so, it will then be decided whether he may be given an opportunity of completing the required duties.

It will be well to write to Mr. Stultz at his address in Alberta, and also to Anthon, Iowa, where he is said to be.

Sir,

With further reference to your letter of the 1st ult., I beg to inform you that a Homestead Inspector has now furnished a report with regard to the duties you have performed on your homestead, the N.E. ¼ of 16-48-15 W. 4th, and according to his report, you have not completed the duties as claimed in your application for patent. The Inspector's report sets forth that during the years 1907, 08, and 09, you broke 9½ acres, and cropped the same amount, and in 1910 you broke another 8½ acres, but did not have any land in crop during the years 1910 or 1911.

In your application for patent you claim to have broken 10 acres in each of 3 years, and cropped 10 acres in 1908, and 20 acres in 1909. I am therefore directed to call upon you to explain the discrepancy in your application for patent.

I am also to inform you that the Department will probably have to take steps to cancel your patent for this land, unless you are willing to reconvey the land to the Crown. If you do this, it will then be decided as to whether or not you may be given an opportunity of completing the required duties.

A reply will be expected from you within 20 days from this date.

Sir:-

With reference to your letter of the 31st ult., file 31551, I beg to enclose herewith a communication received from Mr. Geo. H. Smith of Acton, Iowa, setting forth an explanation as to the discrepancy in his application for patent for the S.W. ¼ Sec. 4 Tp. 44 Rge. 1 W. 4th Mer. and also his willingness to reserve this quarter section to the Crown.

A Homestead Inspector visited this land and in a report, dated 23rd August, 1911, which was supported by three statutory declarations, sets out that Mr. Stultz performed the following cultivation duties:-

(1908
(1909

1910.....broke 8½ acres

1911-----

1908.....cropped 9½ acres

1909.....cropped 9½ acres.

1910 not cropping.

I quote the concluding paragraph of the Inspector's report:-

"Mr. [illegible] visited on [illegible] 1911--11. [illegible] "[illegible] .00. No crop [illegible] "[illegible] ive in settlement longer. Two of "[illegible] are [illegible] "exhibit [illegible] correct."

In a letter, dated 14th ultimo, Mr. Stultz [illegible] admits it is true [illegible] his wife [illegible] to [illegible] Crown.

Under these circumstances, I would suggest that Mr. Stultz be asked to execute a Deed of Surrender and that he be allowed to retain the land and complete the required duties.

Dear Sir:-

This is a case of patent obtained by fraud, the facts of which are set forth in Mr. Perrin's memorandum of the 9th instant.

Should the Law Clerk be requested to take steps to obtain a reconveyance to the Crown, which the patentee is apparently willing to do? If so I presume you will communicate with Mr. Motherwell on the subject.

Sir,

I am directed to inform you that in view of the circumstances of your case, as set forth in your letter of the 14th ultimo, it has been decided, notwithstanding the fact that certain statements contained in the application upon the strength of which letters-patent were issued in your favour for the N.E.¼. 16-18-10.W.4th M. have been found to be incorrect, to permit you to retain this land if you will return to it at an early date and if you will complete compliance with the conditions of your homestead entry for it, execute a re-conveyance to the Crown of the said land and, in case that instrument has to be registered in the Land Titles Office, pay the Registrar's fees.

It is assumed that you have received your duplicate certificate of title from the Registrar, and I am, therefore, to ask you to send it to this Department so that the re-conveyance to the Crown may be prepared. In view of the circumstances of your case you will not be called upon to pay for that document.

Sir,

I am directed to acknowledge the receipt of your undated letter under cover of which, in response to my letter of the 7th instant, you returned your duplicate certificate of title for the S.E.¼ 16-1-1 16-W.4th M., and to advise you as follows :-

In view of the explanations contained in this undated letter, and in your letter of the 10th January last, and also of the favourable report as to your farming and good reputation in the neighbourhood or vicinity of your homestead, which was made by the Homestead Inspector who examined the areas which you broke or brought under cultivation, and who valued your buildings or other improvements, a lenient decision as to further action with respect to your title to this land has been arrived at.

As acknowledged in your own letters the statements in your supplementary statement which you afterwards furnished, as to areas of your homestead which you broke or brought under cultivation, are not correct, and the Department would be warranted in putting you to the trouble and expense of re-entering your homestead to the Crown, or to the greater

trouble

trouble and expense which would arise in connection with the cancellation of your patent.

It has been decided, however, that you entered for this land, resided upon it, and improved it for no other purpose than to make it a home for yourself and family, and that although the areas thereof which you broke and got under cultivation are less than specified by you and the value of your buildings and other improvements is greater than the value placed upon them by the Homestead Inspector before referred to, you are now willing to return to your homestead and satisfactorily complete the cultivation conditions of your entry therefor.

You will be advised by a further letter as to the extent of the further cultivation you will have to complete. Until you have completed this additional cultivation your duplicate certificate of title will be retained here. It will be returned to you upon the receipt here of a statutory declaration in which the total areas of your homestead that have been broken and got under cultivation by you at the date of that declaration, are stated, if at that date you are residing upon the homestead.

Until you are again in possession of your duplicate certificate of title you must not sell, mortgage or otherwise dispose of your homestead. The Registrar at Moncton has been notified to the foregoing effect.

Secretary.

Sir,

I am directed to thank you for your prompt reply of the 3rd ultimo to my letter of the 16th of the same month respecting the patent in favour of Mr. James F. Waltz for the N.E.¼ 1-3-15-W.4th and to inform you that since the receipt of your reply there has been received from Mr. Waltz, duplicate certificate of title for the above-mentioned land.

Upon further consideration of the circumstances of this case, and in view of his prompt delivery to this Department of his certificate of title and of other matters, it has been decided that it is not necessary to put him to the trouble and expense which would result from the surrender by him to the Crown of his title to this land, the registration in your office of the instrument and the other action which in that case would have to be taken by you to complete the title of the Crown, which would result if he did not execute such surrender from the filing of a caveat against the land and the institution of legal proceedings to cancel his patent.

Sir,

I have further reference to the letter sent to you from the Department on the 21st instant in regard to the certificate of title issued to you for the North East ¼ of Section 16, Township 48, Range 15, West of the 4th Meridian, through misrepresentation, I am to point out that according to the evidence which had been submitted 18½ acres of your land had been broken of which 9 acres had been cropped during the years 1908 and 1909.

You will have to increase the area of breaking to thirty acres and seed at least twenty acres altogether before your duties could be satisfactorily performed. When you are in a position to show that this has been done you will have to execute a supplementary statement establishing the fact and forward it to the Department. This statement will have to be made before the local agent, and one of neighbors or acquaintances who could corroborate the evidence of two disinterested witnesses who are cognizant of the facts.

Will you read this man's letter in this case of the 28th ultimo. in which he wants to know whether it would be satisfactory if he hires somebody to do the additional cultivation and breaking required in connection with his homestead.

I do not suppose there is any real objection to this, in fact I do not quite see how we can prevent it being done but perhaps under the circumstances this particular case might be referred again to Mr. Rothwell.

As the case Clerk had the case before him previously, I should be as well to carry out your suggestion

MEMORANDUM:

Will you be good enough to read the memorandum in this case of the 16th instant and Mr. Dixon's remarks of yesterday's date.

You will notice that this is a case in which the Department asked for the return of the patent as it had been known that the homesteader had not completed his cultivation duties satisfactorily.

Perhaps you will also read the homesteader's letter of the 16th ultimo and advise this branch.

Respectfully submitted,

T. G. Rothwell, Esq.,

Law - Clerk, - Department of the Interior,

OTTAWA.

Mr Sparks. There is nothing in the D. S. Act which provides that the cultivation of the homestead shall be done by the homesteader with his own hands - unless to my mind it is clear that he may endeavour to do the work if he can not do it himself. At the same time it does seem that the intention of the Act is that the homesteader himself should do some of the cultivation while the homesteader is living on his homestead duty. [illegible] the homestead has been patented. But I suppose the Act is silent in regard to this matter and upon the understanding referred to. Shall we write in reply to acknowledge receipt of the memorandum and also call attention to the necessity of the homesteader himself doing some of the cultivation while he is living on the homestead.

Madam,

I am directed to inform you that it has been decided, in view of the statements, in your letter of the 10th ultimo, to return to you, herewith, the duplicate certificate of title which was issued in the name of your late husband, upon the 11th April, 1910, for the N.E.¼. 16-44-15.W.4th M.

This instrument was returned to this Department by your late husband until he completed certain of his homestead conditions which he himself acknowledged he had not completed, but which he completed before his death. His title to this land was therefore satisfactory when that sad event occurred, and such title now passes under the laws of the Province of Alberta to his personal representatives.

If, therefore, you or your solicitor will communicate with the Registrar, Land Title Office, Edmonton, Alberta, who has been furnished with a copy of this letter, he will be able to say what action should be taken in the premises.

Sir:

I beg to acknowledge receipt of your letter of the 24th ult., setting forth that James E. Stultz, of the N. E. - ¼ - 16 - 48 - 15 - West of the 4th Mer., is now deceased. The regulations provide that in the event of a homesteader dying before completing the settlement duties, to entitle him to patent, the person appointed his Legal Representative can arrange to have the duties completed and make application for patent as soon as they have been fulfilled. The Legal Representative is not required to live on the land.

According to the evidence already submitted, the area broken on this quarter section is 18½ acres, of which 9½ acres have been placed in crop. It will be necessary for the Legal Representative to have this area increased to 30 acres and place 20 acres in crop.

If the late Mr. Stultz, did not leave a will, it will be necessary for his widow to take out letters of Administration of the Estate and furnish same or a certified copy thereof to the Department. She can then arrange to have the cultivation duties completed as specified above.

Dear Sir:

I have to write you a few lines in regard the S.W. ¼ of Section 6. T. 12 R. 2. W. will say that I have made two Applications for Cancelation of this ¼ of land in the last 3 years and up to day the matter stands just as I cannot see why this Homesteader can live on his land as all the rest of the Homesteaders in here always seem desirous to put in. I think this is not right that you Gents are giving him so long time to go and live on this land. I know of many Homesteaders that are only getting 6 months to get on their land and do their duty and if they didn't get on they lost the land. which is not more than right. but this Homesteader is holding this land now over 3 years without living on same at all

So I think it is up to you. People
look into this matter and have them
land connected at once, 1441044
men and crew a lot of trouble in
Melbourne. Hot and he will not live on the
land as we have already all kinds of
time to live on that land, and he
told me himself I have got lot of
Albany and also a good stand in with
the Government and you will never
get this homestead and I will have
some use without living on some.
and I think he is not better than
a boar man, and I hope you people
will look into this matter and help
to keep him now.

Ref. 920539

Department of the Interior,
Land Patents Branch,
Ottawa, 20th February, 1908.

Memorandum:-

With reference to Mr. E. E. Cowley's letter of the 5th instant, returned to you herewith, concerning which you have asked for a report, from which it would appear that Mr. W. T. Hull has made application to apply scrip on his homestead, the N.E. ¼ of Section 6, Township 12, Range 2, West of Meridian, I beg to say that the facts in the case are as follows:-

Mr. Hull made entry on the 7th January, 1903, for the quarter-section, which entry was protected, among others, until the 1st May, 1907.

An application was made on the 16th April last by Mr. Jacob Palmer, for an inspection of this entry, and the usual notice to show cause was sent to the applicant. The report filed, under date the 22nd July, 1907, a defence made by Mr. Hull, and he (the Agent), was instructed by departmental letter of the 20th August last to cancel the entry unless Mr. Hull satisfied in about 30 days that he was in residence, and complied with the regulations.

The licence for cancellation was held by letter of the 9th August last at Mr. Hull's entry be cancelled, owing to his failure to comply with the conditions, and was advised of the notification already referred to.

The Agent enclosed in his letter of the 24th September last a defence made by Mr. Hull, in which the latter stated that he had been residing on the property from the 13th August last to the 17th September; that he had made valuable improvements, and had been farming on purchased land, owing to the fact that such land was more suitable for the purpose than his homestead.

In view of this defence the Agent of Dominion Lands was instructed to have ~~xxxxxxxxxxxxxxxxxxxxxx~~ a careful report made by a Homestead Inspector before proceeding cancellation proceedings.

The Agent now submits a report from Mr. Homestead Inspector Williamson, in which the latter states that he inspected the quarter-section on the 10th July last and found the homesteader absent.

The Inspector states further that from what he can learn, Mr. Hull has been residing on the property from the 1st April till the 19th December, and details the improvements made on the property, which are as follows:-

Please say if final thirty days' notice should be issued in this case.

This land was entered by H. S. Yuill in January, 1903,- cancellation proceedings were taken in April, 1907.

A defence was filed showing no residence, but fair improvements.

It would appear from information on file that he has since made application to locate scrip thereon, but owing to the standing of his entry, his request was refused.

Several complaints have been made of the leniency allowed the homesteader in this case.

Respectfully submitted,

Sir,-

I beg to acknowledge the receipt of your letter of the 8th instant, and in reply to say that the regulations provide that, if a homestead entry is in good standing, or if it is not the subject of cancellation proceedings, the homesteader may be permitted to exercise such entry, with a view to the location of scrip upon the land held under entry. The regulations also provide that, when a homesteader avails himself of this privilege, he thereby exhausts his homestead right.

As cancellation proceedings are pending against your entry for the South east ¼ of section 6, township 11, range 3, west of the fourth meridian, it is regretted that the privilege above referred to cannot be extended to you.

I am directed to acknowledge the receipt of your letter of the 11th inst. addressed to the Deputy Minister, and to say that there is no objection to Mr. Isaac Cowie exercising his right to select a quarter section of Dominion lands with respect to the S.W.¼ of section 5, township 14, range 5, West 1th meridian, under the homestead of Mr. Harry C. The Hon Minister of Interior

— Sir —

I have filed on S E ¼ section 20 Tp 51 R 4 W 4 —

I my son Arthur S. Clare on the N E ¼ of same section
I have been out here 10 years. having bought this land I am
now on. but not having enough land & my Son being now
old enough to take up a homestead we have filed as above.
with some Reinds I have introduced up from Manitoba.
So that in all we are at present 4 Homesteads & one —
I am writing this praying for leave to extend the time
your having to put in our first six months —
I have 70 acres under crop now & I shall be compelled
I expect to be dependant on this another year. & I am
also the Councillor of a Local Imp Dist here & secretary
Treasurer for this Council which position I should like to be able
to take next year — We intend to go on the lands as
soon as we have our crop in here this fall & put up building
&c. next year as soon as we have this crop in here to get rid.
& break as much as possible. I hope some 100 acres —
If you could extend the time of having to but six months
residence to my Son: to complete same by 1st Jany 1906 & to
myself & the 1st July 1906 — it would enable me to arrange
about this place & be in a better position & not be tied as
we are also hoping for the Railway to [illegible] Edmonton next year
which would make it much Easier to get [illegible]
By granting this petition you would greatly oblige

Dear Sir
In reference to our conversation some
time ago re permission from the Department
to allow me to scrip or purchase any homestead
I beg to advise you I am now in a position to
come in this matter. I find that I am almost invariably
fulfill the duties on the land I have taken up
8 & 20. 51. 4. W/4. as my own homestead. As I am compelled
to retain my position as Land Commissioner
& the land are on the adjoining Province of Alberta
& the land are broken which my son has now under
cultivation as his own land. I do not like
to ask for the above circumstances you will see the
necessity of allowing me to scrip the
land as I shall confer by allowing me to scrip the
land as I understand under some circumstances
giving a quit claim from homestead.
I trust you will see your way clear in this affair
& thereby oblige

Dear Sir.

I wrote the Hon Frank Oliver on the 9th inst. on the subject of securing or purchasing the land I have homesteaded. But I hear the letter has never carried - I was speaking to him on the subject some short time ago when he seemed favorable to giving me permission but I was not then in a position to act. I am now desirous to do so - As explained my son Wm Edmundson filed on the E½ of sec 20. Twp 51 Rge 4 W/4 - Pursuant - ant to instructions I have erected a house which has made it almost impossible for us both to be away from here together I have 60 acres broken on my quarter the S.E. quarter and she has it under crop with that he has broken on his quarter Section & fenced - & other improvements - hence the necessity of my having permission to reside same. I understand under some circumstances permission to purchase is given & if this can in any way apply to me I should of course be quite willing to forgo my right to file on any other homestead.

I myself erection one daughter is living on the adjoining homestead with her husband. I claim that at least 1/10 of the other homesteaders have there through my influence.

Trusting at your convenience you will be able to
give my application favorable consideration

Dear Sir

Jones Farm 20642 - of Sept 11th 1906

I wrote you on the 4th Inst. but letter came the same day as I received yours - I am therefore putting this & repeating from Edmonton. I confirm my letter of Oct 4th & may mention that I was first that notice of application for cancellation of my homestead was posted at Edmonton Clay dominion So I note from my Homestead only. no Notice is at Island Lake now have I learned one at Edmonton. Further more that this notice was dated Sept 14th had therefore the Agent at Battleford replied by my note which I prepaid 2 cents it would have saved me $20 expenses about $30 had I been taken the Half breed down - I should very much like it understood that this cancellation application was not made after receipt of your letter allowing permission for me to Script

appears to me [illegible] of the land / Shack Stable breaking & fencing which will cost about $40 & $50 ($90 worth of Lumber Hahns / 2 Japan Thaws = 1000 bushels of Oats in it in a week — Of course you must be aware of the difficulty of selling a half breed at a moment notice become as far as Battleford. I submit therefore Sir to give me force by your kind permission to Script my entry would be protected from some 4th last the date of my first application. Should you wish evidence that I am ready & apply the Script I might refer you to Mr Shal. Cam of Biggar Edmonton. Trusting that this matter can be [illegible] settled & thanking you for the trouble I have given I am Sir

Dear Sir

Yours favr 17206 47 of the 13th inst
re your permission to me to Scrip my Homestead. —
I should Esteem it a favr if definite information with regard
this matter —
unsettled.

You can imagine the annoyance & uncertainty
I am in at the result of delay so far — besides it is now over 6 months
since I first made application to Scrip my Homestead from that date
I have had to hold over $1000 uninvested & all my interest on
Scrip has advanced till now I will cost me from $200 to $300 more
than it would then — I do not see how I could do any more than I did do
I wrote the Dept June 15th & 29th & 30th July & if the Dept had not
have wished to protect my interest I should naturally have expected
they would have at least advised me to that effect — I am asking
no favor when hundreds have been granted I believe I certainly
do not look for it as a favr especial favr — I have been looking
through the whole correspondence & certainly cannot see I have asked
any thing unreasonable & the fact the Dept granted me my request
bears this out — Any letter explain the reason I wished to Scrip the
land it is not for speculative purposes I am prepared & have spent
Considerable in improvements but as I have already about $300
& $400 extra will not have to be paid for Scrip which I otherwise
should have spent on the land — This extra expense therefore,
benefits me in no way & I cannot even have the satisfaction of feeling
that the Country through the Dept is benefiting by the delay —
In my original letter I asked if it was not possible for me to
purchase from the Dept as homestead under ordinary conditions
this is done — this was not stipulated but I may mention I am
open to and the Dept knows where my patent is from

Stacey are brothers. Which should be my best claim that
[illegible] I refer to the Minister of the Interior [illegible]

I cannot see under the circumstances how a notice of
cancellation can affect the issue. I am clearly entitled to
protection because the notice was irregular, no notice was sent to
one - one man one patent at the Homestead. P.O. Island
Lake - but at Lloydminster. Neil has neither one. Many misunder-
stand notice of application for cancellation are at
Ottawa. I understand notice of application for cancellation are at
once sent to your Agent at Ottawa. Therefore you would have
received this some days before you wrote to me Sept 11th.
Which of course could not have been the case.

I trust however you will be able to give me a
definite reply by return of mail. Yours truly

Memorandum:

Referring to your memorandum of the 24th September on file 5198330 herewith no resurvey of the lake affecting the northwest quarter of section 16, the east half of section 20, and the west half of section 21, township 43-23-4, has been made since it was originally surveyed by James Kerr, D.L.S. in 1884, and the lake as shown on the latest edition of the township plan dated 30th August, 1921, is according to his survey.

J. W. Pierce, D.L.S. when making surveys in the vicinity in 1921 reported no change in the bank of this lake since the original survey.

A survey of the lake in the northeast quarter of section 16 was made by P.M. LaBlanc, D.L.S. in 1923 when he reported that it had receded from the northwest quarter of this section. A sketch is enclosed showing the areas of the northwest quarter of section 16 as they would accordingly be shown on the next edition of the township plan. The difference of 2.4 acres between the areas shown on the sketch herewith and these shown on the edition of the township plan dated 4th June, 1907, from which the land was patented, is due to the recession of the waters of the lake.

Files 680985, 921823, 688305 and 5255184 are also returned herewith.

John Davis, Esq.,
Acting Director,

With reference to your memorandum of the 21st September last I would state that the Surveyor General has furnished information that in regard to the S.E. 20 and S.E. 21, Tp. 43, Rge. 21, W.4th M. there has been no change in the bank of this lake since the original survey.

A survey of the lake in the S.E. 18, Tp. 43, Rge. 21, W.4th M. was carried out in 1911, and the surveyor making the survey reported that the lake had receded from the north west quarter of the section.

The Surveyor General has furnished a sketch indicating the asserted area, which he reports as 2.4 acres.

In view of the Surveyor General's information relating to the S.E. 20 and the S.E. 21, it is understood a sketch will not be required indicating the location of the lands in these sections.

Sir,

I beg to acknowledge the receipt of your letter of the 15th instant, and in reply to say that whilst the Department is willing to hold a section of land for a young man in order that he may settle upon its grants, nevertheless, I am entitled to only grant one section to a man at any of it years of age. It has been found contrary to the interest of settlement to make reservations for so long a time as would be necessary in the case of your son, Leslie, who is only 1 years old.

Dear Sir,

Some time ago the above Section was set apart for dipping purposes and a dipping tank was erected upon it.

The tank has not been used for a couple of years and I understand that the West Half has been homesteaded.

Our clients, Frank Robinson and his brother George Clarence Robinson are applicants for a homestead entry upon the East Half of the Section. They made application at Manton and were granted homestead entry. On coming up to Calgary today they found that the entry was granted in error and that the land is not open for homestead entry.

The object of this letter is to ascertain if it is the intention of your Department to throw this Half Section open for homestead entry and if it is, to grant the right of entry to Frank Robinson for the N E Quarter and to George Clarence Robinson for the S E Quarter, they both having made application for these respective Quarters.

Yours very truly,

Sir:-

I beg to acknowledge the receipt of a copy of your letter of the 15th November, 1910, your file No. 922,122, addressed to Messrs. Short, Ross and Sellwood, Barristers, Calgary, Alta., and referring to the east half of Section 30, Township 14, Range 28, West of the 4th Meridian, in which you state that the Department is awaiting receipt of a report from the Inspector of Ranches asked for sometime previously, and to say that this office has not received the instructions referred to it evidently having been miscarried in the mails. When my attention was called to this letter I thought it well to investigate the standing of the parcel in question and save the time which would be used in communicating with the Department. It appears from the records of the Calgary Land Office that the parcel of land in question is reserved for dipping vat purposes, I therefore had an inspection made and there is a dipping plant thereon, and with interviews from ranchers and from one in particular a representative rancher, Mr. J.Glendenning, M.P.P., it would appear that while no cattle had been dipped there for a couple of years still this dip is in what is known as the Range district and any day it may be necessary for some cattleman who wishes to ship his stock to make use thereof . I would therefore recommend that this reserve be continued. As before stated I do not know

The Secretary,

Department of the Interior,

Dear Sir;

Some years ago at the request of the Department of Agriculture, your Department set aside a reserve for cattle dipping purposes consisting in part of the east half of Sec 30 Tp. 14 Rge 28 West of the 4th Meridan.

On the north east quarter of said section at the cost of about $1500. we erected a good and substantial dipping tank and have kept the same in repair against the time it should be needed. I was under the impression that anyone erecting a tank for mange treatment would be permitted to purchase the quarter on which the same is located and in view of which, I now make application to purchase the said N. E. 1/4 of Sec 30 Tp. 14 Rge 28 West of the 4th Meridan and trust the same will receive your early and favorable consideration

I have your favor of 9 in reference to the N. E. 1/4 Sec 30 - 14 - 28 - .4 which being a dipping reserve is not at present for sale.

I have at considerable expense erected a dipping tank on this particular quarter and in case later it should be sold by auction would there be any provision made for the refund to me of the cost of the tank and necessary corralls as I understand owners of tanks have been protected in this respect heretofore.

Dear Sir;

File No. 922112 ~~T. & G.~~

With further reference to my letters of July 21 and Oct. 14 and your replies of Oct 9 and Nov. 15 of last year, regarding the N. E. 1/4 of Sec 30 Tp. 14 Rge 28 West of the 4th Meridan, I now wish to make application for the purchase of at least one legal subdivision of same if you are not yet prepared to entertain the sale of the whole quarter.

I have erected at considerable expense a dipping vat and corralls and this season, although a number of times our foreman has built a trough from the spring above the vat to the vat so that we could run water into it to protect it from the weather, the cattle are continually breaking it down and in consequence, we are unable to keep water in the vat and it is liable to become useless to us unless we may fence in the spring and vat to keep the stock off. My desire is to have the water run from the spring to the vat and then to the land below the same where it could

Sir,

I am directed by the Board of Trustees of the Battleford Industrial School to request that you will be kind enough to inform them whether any advice has been received from the Department of the Interior with regard to the application made by the Board for the transfer to the School of the S.E. 1/4 of Section 30, Township 42, Range 22, West of the 3rd Meridian.

In connection with this application I may say that I have just learned that the Veterinary Department have recommended that the W½-36-15-27-4 be retained as a stopping station but they say that the E½ 30-14-20-4 is of no more use whatsoever for this purpose.

I am concentrating on this half in the hope that it may be thrown open for Soldier Settlement. I understand that no land South of Tp. 16 is being opened at present but would like to enquire whether there is any possibility of this ruling being withdrawn in the near future. Is the Department of the Interior or the Department of Agriculture likely to hold this

Mr. Hume.

E.½ 30-14-26 W. 4th M.

This land was formerly reserved for dipping purposes and on the request of the Department of Agriculture the reservation terminated, and as the land was then being dealt with by the Patent Branch, a statement of the facts was submitted, at which time it was pointed out that the Reclamation Service does not require the land in interest of better water supply.

The Deputy Minister then requested that this land be investigated as speedily as possible in order that Mr. W. A. Crawford Frost of Nanton, Alberta, who wished to have these lands made available for soldier settlement in order that he might be able to exercise his rights as a returned soldier on one of the quarter sections, might be advised.

The Senior Appraiser of grazing lands reported on the 21st July as follows:-

"The North East quarter is practically on a very high hill. There is a small portion of table land on the North East corner of the quarter, but it is very stony and shale rock comes to the surface in several places. There is a deep coulee along the East side and in his opinion this quarter is unsuitable for stock homestead and is only fit for grazing purposes.

The South East quarter has a surveyed road starting at the centre of the quarter on the North and angling through to the South West corner. This quarter section is on the top of a very high hill and is bordered on the East side by a deep coulee with cut banks fifty to one hundred feet high. There is considerable surface stone and shale rock comes to the surface in places. There is a small water hole on the South West corner of the quarter.

The Appraiser states that he does not consider this quarter fit for stock homesteading

Sir:-

I beg to draw your attention to your letter of the 10th of July last - file 922112 - advising that the reservation of the E. ½ 30-14-28 W. 4th Mer. as a Dipping Station had been withdrawn and requesting that an inspection be made of this land with a view to determining what disposition should be made of same. Under date of the 22nd of July reports on this land were forwarded to your office, which were made by the Senior Appraiser of Grazing Lands, and in view of same your office instructed under date of the 11th of August that the lands be posted for leasing. This action was taken and applications for grazing leases were forwarded to the Timber & Grazing Lands Branch from W. A. C. Frost and Thomas Cochlan, but these applicants have now been advised by that Branch "that these lands are reserved for dipping purposes and in the event of the reservation being cancelled the lands would not be available for leasing as such lands are not being disposed of at the present time".

As apparently there is a conflicdion regarding the standing of this half section in the Lands Branch and in the Timber & Grazing Branch, I am drawing the matter to your attention, and am also forwarding a copy of this letter to the Timber & Grazing Lands Branch.

Your obedient servant,

Agent.

MEMORANDUM.

Mr. Hume:

E.½ 30-14-28-W.4th M.
S.E.¼ 4-11-29-W.4th M.
Area "A".

Mr. York's memorandum of the 1st instant to the Deputy Minister has been referred to this office by the Commissioner for a statement in reference to the point raised in his memorandum.

The Controller of the Timber and Grazing Lands Branch to the Deputy Minister represents that in September, 1920, he received instructions from him to the effect that the Minister did not desire to dispose of any cancelled stock-watering reserves for the present and that any applicants for same might be advised accordingly and any of these lands that were found necessary for the Better Water Supply Scheme in Southern Alberta was to be reserved for that purpose.

Mr. York also states that two or three cases have come to his notice recently, which come within the above category, and in some cases at least steps have been taken to dispose of the land. He requests to be advised by the Deputy Minister whether the ruling of September, 1920, is to stand and also that it is impossible for his Branch to keep a list of cancelled reserves straight if other Branches are to deal with these reserves without reference there.

In conversation with Mr. York in his office yesterday he referred specially to two cases, files 922112 and 888512 attached. You will note that these file numbers are endorsed on a memorandum to him from this Branch of the 9th January last.

Relating to file 922112, the East half of Section 30, Township 14, Range 28, West of the 4th Meridian, it is noted that Mr. Cory in his memorandum of the 4th July last, hereunder marked, to the Commissioner, advised that according to advice from the Department of Agriculture these lands were not required as a Dipping Station and that as one, W. A. Crawford Frost of Nanton, Alberta, wished to have these

-lands-

lands made available for soldier settlement so that he could exercise his right as a returned soldier on one of these quarters, an investigation was to be conducted so that Mr. Frost might be advised.

The Agent was advised on the 10th July last that the reservation against this land as a Dipping Station had been withdrawn and that he was to have a Homestead Inspector make a careful report in connection with each quarter as soon as possible.

In view of the fact that Homestead Inspectors were otherwise engaged at that time, Mr. Cloakey, Senior Appraiser of Grazing Lands, was called upon by the Agent to furnish a report, which he did, and is to the effect that he did not consider this half section fit for stock homesteading and was only fit for grazing purposes.

This case was fully submitted on the 5th August last, and it was pointed out that the land was formerly reserved for dipping purposes and on the request of the Department of Agriculture the reservation terminated, and as the land was then being dealt with by the Patent Branch, a statement of the facts was submitted at which time it was pointed out that the Reclamation Service did not require the land in the interest of better water supply.

The Commissioner ruled that these parcels do not appear to be fit for settlement and should be posted for leasing only. The Commissioner's recommendation was approved by the Deputy Minister. The Agent was, therefore, advised to make these lands available by posting for leasing for grazing only. This was done on the 25th August last.

On the 11th January last, the Agent advised that applications for grazing leases were received in connection with these lands and were forwarded to the Timber and Grazing Lands Branch, and that the applicants have now been advised by the Timber and Grazing Lands Branch that these lands are reserved for dipping purposes and in the event of the reservation being cancelled, the lands would not be available for leasing as they are not being disposed of at the present time. He asked that, in view of the conflicting statements received from both this Branch and the Timber and Grazing Lands Branch, he be further advised.

The case was taken up with Mr. York

-and-

and it was pointed out to him by Mr. Powell that it was considered, in view of the Deputy Minister's memorandum of the 4th July last, that it might be regarded as an order for the removal of the reservation against the half section on behalf of the Department of Agriculture as a Dipping Station, and Mr. Powell suggested that this matter be straightened out and the applications of Messrs. Frost and Cochlan be reconsidered.

In a memorandum to you from Mr. York of the 23rd February last, he points out that with reference to Mr. Powell's memorandum it was the first intimation that the reservation for dipping purposes had been cancelled and advises that in accordance with his latest ruling from the Deputy Minister of the 10th September, 1920, such cancelled reservations would not be available for leasing as lands of that nature are not being disposed of at the present time. He also stated that as his Branch was not advised of the cancellation of the reservation they had no alternative but to refuse the applications for grazing leases received. He further advised that the two applicants, Frost and Cochlan, were being requested on that date to make fresh applications for leases of the land as the same is now available for that purpose.

With reference to the South East quarter of Section 4, Township 11, Range 29, West of the 4th Meridian, file #888512, it is noted that on the 5th February last, Mr. N. O. Cote to Mr. Drake of the Reclamation Service, advises that one, Mr. Robert M. Vance, has applied to purchase this land and asked if the Reclamation Service would offer any objection to the disposal of same.

Mr. Drake in his reply advised that as far as that Branch was concerned this quarter section is not required in the interests of the better water supply. Mr. Cote then took the case up with Mr. York and asked for an expression of his views with respect to Mr. Vance's application to purchase the East half of the South East quarter of Section 4, Township 11, Range 29, West of the 4th Meridian. Mr. York replied that he received instructions from the Deputy Minister in September, 1920, that no disposition was to be made for the present of cancelled stock-watering reserves. Mr. Cote advised Mr. Vance, the applicant to cancel, accordingly on the 9th instant.

Respectfully submitted,

922112

Timber & Grazing Lands Branch, Ottawa, 15th March, 1922.

The Timber & Grazing Lands Branch has drawn attention to certain cases where cancelled stock-watering and dipping reserves have been dealt with recently. The Deputy Minister has asked for your views, and you have called for a statement from this office. Mr. Cowan's memorandum below gives the facts of the two cases noted by Mr. York on Departmental memorandum of the 9th January last.

(1). S.J. 30-14-28-W. 4th Mer., (H.C. File #922112)

Reservation cancelled by Agriculture Department. Reclamation Service does not require land in the interest of better water supply. Parcel located in Area "A" thrown open for grazing only on Commissioner's recommendation, approved by Deputy Minister. (See Departmental memorandum 5th August last.) A returned soldier named Frost wanted these lands, (D. M's. memorandum 4th July, 1922, marked), but he was not allowed to make entry for them. Land reported by the Inspector to be of poor quality and unfit for anything but grazing.

(2). S.E.¼ 4-11-29-W. 4th Mer., (H.C. File #888512)

I do not see that any steps have been taken to throw open this land for disposal. On the contrary the application of Robert M. Vance has been refused.

J. W. Greenway, Esq.,
Commissioner of Dominion Lands,
Ottawa.

With reference to yesterday morning's telephone conversation, I would refer you to Mr. McCann's memorandum of the 5th ultimo, T&G file 467292, in which he called attention to the fact that a cancelled dipping vat reserve has the same standing as a cancelled stock watering reserve, inferring that these two parcels are still reserved in T&G records.

According, however, to T&G report of the 19th instant this half section is clear in T&G Branch and I would ask if you would kindly advise me in this regard.

As two land files are affected in this regard I would be glad if this information could be sent me in duplicate.

This half section was posted for grazing purposes on the 3rd ultimo as it is situated in Area "A".

Communications have now been received from Mr. B.J. Miller and two of his sons claiming that 60 or 70 acres can be broken on each quarter-section. Both the sons work with their father, whose place is 1½ miles south of this land.

You will note that there is a report on file from C.H. Cloakey, Senior Appraiser of Grazing Lands, stating that this is a very rough half section and of no value for homestead entry or stock homestead, unless the party who filed on same as a stock homestead, has other land adjoining or very close to it which he could use in conjunction with this land.

Kindly state if, in view of this report, the land may be made available for settlement purposes.

The Seed Grain and Relief Adjustment Board, appointed under Order P. C. 2200, hereby recommends that any joint Relief Liens held against the H.R.H. 6-11-22-. 4th Mer., for advances made to John Krutop, be discharged.

The Board submits the report of the Director, Debt Adjustment Act, dated September 23rd, 1931, which report gives full details of all liens registered against the said land and states in support of the recommendation:-

1. That at the time the advances were made the debtor's interest in the said land was that of a tenant and he did not have the consent of the registered owner to charge the liens against the said land.

2. That the chattel mortgage security was taken as collateral for the advances but nothing was realized therefrom.

3. That the debtor left the Country in the year 1929, and all trace of him has been lost, and there is no possibility of making any collection under his personal covenant.

The Board therefore recommends that all liens be unconditionally discharged, and the total amount payable thereon be written off as uncollectible.

14th July 190[illegible]

Dear Sir,

In reference to the letter dated the 7th June from the Secretary of the Interior to yourself returning plan of addition to [illegible] Edgerton, Alberta, I understand that the object of the plan is to show some additional land that is being purchased by [illegible] Company from [illegible], and to [illegible] the land out of the [illegible] Reserve.

It is assumed that this land was [illegible] by the Company under the provisions of the Railway Act, and that the transaction between Mr. Shaw and the Company is in the nature of a private one or [illegible].

It is clear that this plan cannot be registered or filed under the Act as it now stands, by your signing at this time. The proper course to be followed is for Mr. Shaw to execute a quit claim deed in favour of the Company with the consent of the Department, and deal in some manner therein with the land referred to. The Crown can then issue a patent in favour of the Railway Company for the land comprised in the plan, which patent can be registered here in the usual way.

Dear Sir:-

Referring to your letter of the 27th June, File No. 023356. I beg to return herewith the tracing plan and descriptions returned by you, also a copy of a letter from the Registrar, Calgary, declining to register this plan and giving his reasons therefor. We have had previous cases of exactly the same nature where the land required had been purchased by mutual agreement, the Registrar declined to acknowledge the plan as it was not a plan approved by the Board of Railway commissioners and registered under the Railway Act, and upon explaining the circumstances to your Department, plans were received and Crown Grants issued in favor of the Company. I trust you will be able to do so in this case.

If you think desirable, the plan could be attached to the Crown Grant and it will then be registered in the Land Titles Office at Calgary. I trust this will be satisfactory.

Yours truly,

Dear sir:-

With reference to the letter dated the 27th June from the Department of the Interior to yourself returning a plan of addition to Station grounds at Woodpecker, Alta, I understand that the object of the plan is to show some additional land which is being purchased by your Company from Mr. J.F. It is clear that this plan cannot be registered or filed under the Land Titles Act by your Company at this time. The proper course appears to be for Mr. Johnson to execute a quit claim deed in favor of the Company with the consent of the Department, such deed to have annexed thereto the plan referred to. The Crown can then issue a patent in favor of the Railway Company for the land shown on the plan, which patent can be registered here in the usual way.

November 13th, 1906.

Sir,

B. B.

Referring to your letter of the 27th July last, Reference 187 C, I am directed to say that the Registrar was written to on the 27th August last, stating that it was necessary that this Department be furnished with a copy of the plan referred to in the transfer from Mr. J. F. Johnson to the Canadian Pacific Railway Company for the extra land required at Woodpecker station Crossing, but no reply has been received from him as yet. The Law Clerk of the Department has expressed the opinion that as a certain registered plan is necessary to the transfer that this plan must be furthcoming in the patent to be issued based on this transfer. As the Registrar has refused to register the plans submitted to him by you, as stated in his letter to you of the 14th July last, a copy of which is on file in this Department, it will now be necessary that the Department be furnished with a registered copy of the plan said to be filed in the Calgary Land Titles Office as No. Ky. 41, or that a new transfer of the land required be obtained from Mr. Johnson in which the ~~following~~ description must be supplied. If this is done the patent could be issued in the name of the Company for the land it requires without any reference to a plan. The description is as follows:-

P. McPherson, Esq.,
Assistant Right-of-way & Lease Agent,
Canadian Pacific Railway Company,
Winnipeg, Manitoba.

"Composed of all that portion of the south-west quarter of Section twenty-eight in the Ninth township in the Seventeenth range, West of the Fourth Meridian in the Province of Alberta which lies between the southern limit of the Vested in the Canadian Pacific Railway Company for station grounds in the said quarter by duplicate certificate of Title A. B. 51, dated the 28th day of December A. D. 1897, and a line drawn parallel therewith and one hundred feet perpendicularly distant southerly therefrom and containing by admeasurement six and thirty-three hundredths (6 33/100) acres, more or less."

You will notice that the transfer referred to quotes the area as 6.11 acres, and that the description furnished by Mr. McVittie, D. L. S., and forwarded with your letter of the 27th July last, gives the area as 6.48 acres. It is thought you will find by calculation that the area is 6.35 acres, and therefore this area has been inserted in the above description.

Dear Sir,-

- Re extra land required at Wood-pecker -

- - -

Herewith I enclose letter from the Department of the Interior which was enclosed with yours of the 25th ult. As I previously advised you, on the 6th June last, the Company secured several years ago from the Department of Interior 300 feet in width through the S.W. quarter of section 28 - 9 - 17 West 4th meridian, which is apparently the 18.00 acres referred to in the Departmental letter. This width, however, was not deemed sufficient for the Company's purposes, and a transfer was secured from you for an additional 100 feet in width. This was promptly forwarded to the Department of the Interior, together with Surveyor's plan showing the property, and Patent should have issued before this date, but apparently your correspondence with the Department has delayed the issue thereof.

I think the mis-understanding arose from the fact that you were evidently not aware that the Company already had 300 feet in

width when I arranged for the purchase of the additional 100 feet. I regret that there has been any mis-understanding in regard to this matter, but I presume you were not aware that the Company had station grounds located at that point, and it was only on account of the prospects of future developments that the additional land was required. No action, of course, can be taken by the Company for any extension until the property has been secured.

Yours truly,

Dear Sir:-

Re Additional Land at Woodpecker.
Your File 922355.

This matter was under discussion during my recent visit to Ottawa and your Mr. Sheppard advised me to write upon my return in order that it might not be overlooked.

A transfer from Jas. E. Johnson in favor of the Railway Company, together with a Surveyor's plan, which I understand was satisfactory, was deposited in your office. Mr. Johnson is urging for payment of the consideration, which payment I cannot make until I am advised that Crown Grant has issued, therefore, I would be pleased to hear that the matter has been closed out and Grant issued in favor of the Company.

Dear sir:-

Re additional land at Woodpecker.
Your file 922385.

Referring to your favor of the 6th inst., I beg to say that I do not see why Mr. Jas. F. Johnson wrote to you as per copy of his letter enclosed by you, or why the issue of the Crown Grant should be held up.

When the matter was first taken up with him, I told him that the Company wished to secure an additional one hundred feet in width and sent him a blue print of the property showing the additional land required marked thereon. He named a price for the property, which the Company agreed to pay and as he did not know what land he owned I do not see that the Company should be held responsible.

The land which the Company had at that point was not sufficient for intended improvements, therefore, I was instructed to purchase an additional strip of land 100 feet in width and arrangements was made with Mr. Johnson accordingly. On the strength of having secured the execution of the transfer by Mr.

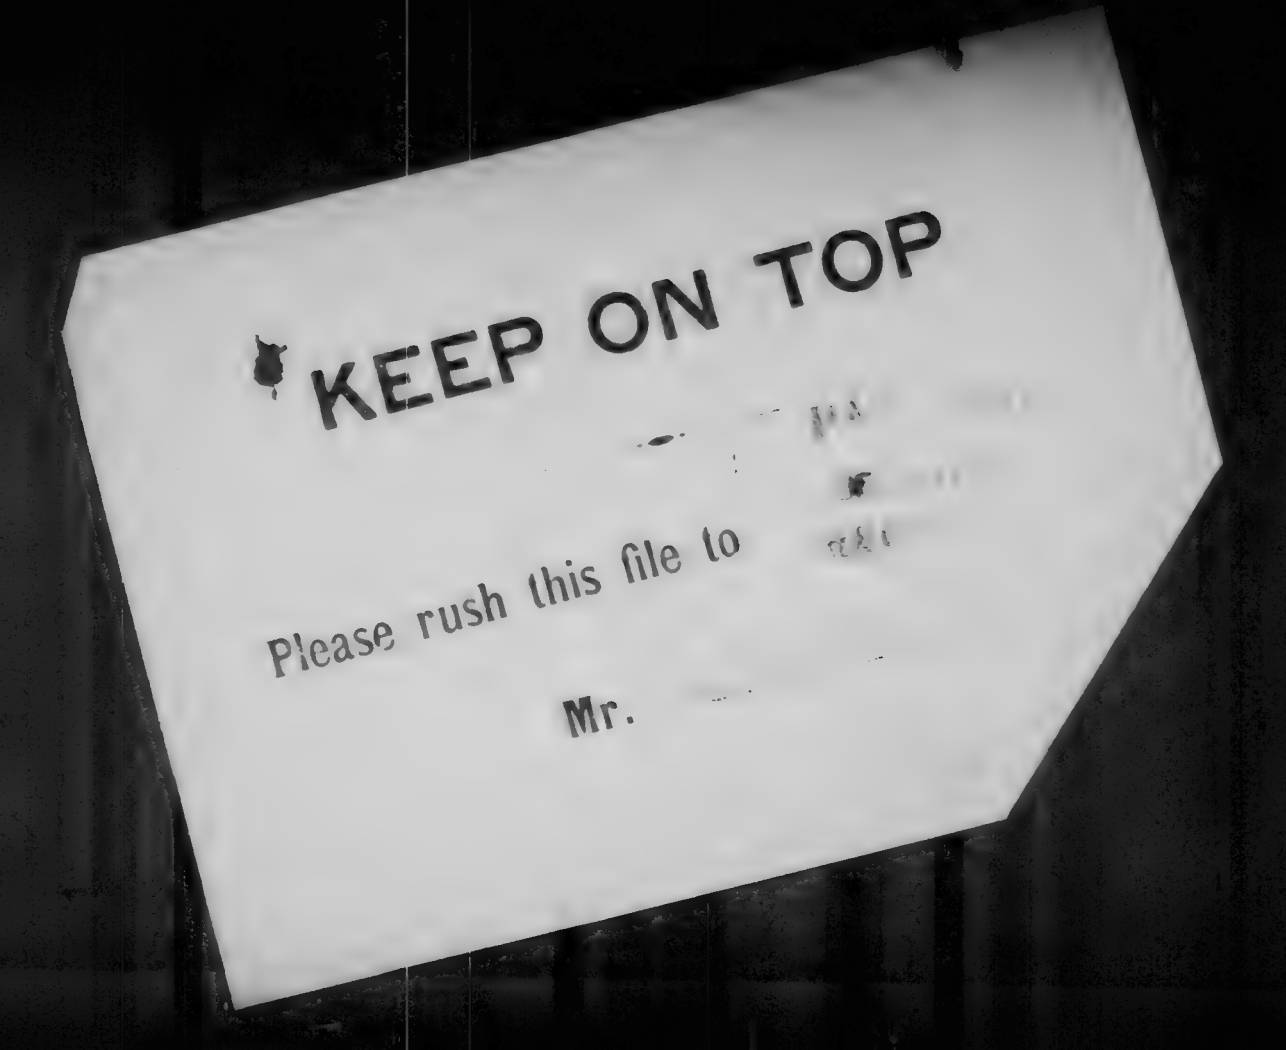

12/12/06.

Johnson the Company has gone to considerable expense in connection with proposed improvements at that point and I would like to have the matter closed out at the earliest possible date before anything further is done. I trust you will, therefore, issue Crown Grant on the Plan for submitted and forward the same in the usual manner.

Dear Sir:-

With further reference to your letter of the 21st ult., I beg to say that in reference to the removal of the station from Woodpecker, that the General Superintendent advises me as follows:-

"This land is particularly required on account of side tracks and stock yards. This extra land will cover present stock yards and give access to the same from road allowance on the west, and will also give elevator sites, etc. I think if Mr.Johnson is given to understand that so far as we know there is not any intention of moving any of our present buildings, and that we want the land from him for expected growth at that point, I judge from his letter that he will be prepared to carry out the arrangement entered into with us, although he may not have fully understood it at the time.

I have no doubt but what Woodpecker will become quite an important shipping point in the near future, and we should have proper station grounds to accomodate the business, which would by mutually beneficial to ourselves and to Mr.Johnson."

I trust this assurance will be satisfactory to you and that you will write the Department of the Interior representing to the issue of the Crown Grant in favor of the Railway Company.

I should be very sorry to have any friction with any property owner in regard to lands for Station Grounds as the interests of the Townsite owner and the Company are usually so closely allied that it would not be satisfactory to either party to have any misunderstanding.

I trust we will be able to close out this matter at an early

In your letter you stated that you required a Certified copy of the registered plan filed in the Land Titles Office at Calgary, as RY.21, in so far as it affected the S.W.1/4 of 28-9-17 W.4, or the new transfer from Mr. Johnson. Certified copy of the plan required has been furnished you and I trust you will now be in a position to close out the matter and issue Grant in favor of the Ry. Company.

Re: Special Grant No. 1025

By Letters Patent of date the 28th September, 1907, certain lands were conveyed to The Methodist Church,

> "TO HAVE AND TO HOLD the said lands unto the said The Methodist Church, its successors and assigns forever in trust for the purpose of the Incorporation of The Methodist Church Mission at Lobstick Settlement aforesaid and to be devoted to public purposes within the meaning of clause thirty-one of the said act."

These lands are as follows:

Part of Lot 9, Lobstick Settlement. Area 40 acres.

As you are aware, at the request of the Department, inspections of all special grants for specific purposes are being made, with the result that in this case information has been submitted by Inspector Dore under date the 26th October, 1929, to the effect that there formerly was a church on this site where services were held for some years but the land was sold and the greater part has been broken and is being cultivated. The church building has been partly dismantled. The inspector states that the owner of the balance of the lot bought the church site but he did not see him as he was not at home. This site is worth $10.00 an acre.

However, on request for an historical abstract of title the Registrar of Land Titles at Edmonton, Alberta, advised that the church site still stands in the name of The Methodist Church.

The

parish sale. The rest of the lot is a patented

When application for this site was received the whole lot was vacant. Should the church site ever revert to the Crown, it will be available for sale.

Therefore, inasmuch as this land is not being used for the purpose for which it was granted, I would suggest that the trustees be requested to take action necessary to have this land revested in His Majesty the King [illegible] the Dominion of Canada by distiller's certificate of title free of encumbrance, registered in the land titles office for the district in which this land is situated, without cost to the Department, a copy of such letter to be forwarded to the [illegible] of Dominion lands at Edmonton, Alberta.

Memorandum:-

I beg to return Mr. J.F.McNamara's letter to the Minister of the 5th instant, and in reply to Mr. Larkin's request for a statement as to the conditions under which Half-breed scrip is located, I beg to say that such scrip must be located by the grantee thereof upon unoccupied and unimproved land open to homestead entry. Although contrary to [illegible] the Department has in some special cases allowed a homesteader, provided there was no application for the cancellation of his entry, to abandon his land and to have Half-breed scrip located thereon, upon condition that the homesteader would by so doing exhaust his homestead right.

This is the privilege now asked for by Mr. McNamara on behalf of Geo.H. Scott and J.F.Scott, who hold under homestead entry the N.W., and S.E., respectively, of section 22, township 47, range 1, west 4th meridian, for which they entered for on the 7th September, 1904.

I may also mention that there have been a few cases where a homesteader has been permitted to have scrip applied on his homestead without making it a condition that he should thereby exhaust his homestead right.

The Secretary of the Department of the Interior,

Dear Sir:- re Nerve Plante to Mrs. Vaive Thomas.

In above matter I wrongly but fall through Mr. Tom E. Wetmore of Lloydminster, Sask., for the purchase of the S. E. 1/4 of section 17, township 48, range 2, west of the 4th principal, which Mrs. Thomas had previously applied for Nerve Plante. Upon my a half breed who filed upon the 160 acres had abandoned same a year previous, and I was led to believe that the land [illegible] a [illegible] record [illegible]."

[illegible] of Nerve Plante. It would not be [illegible] to the letter of the transfer from Plante to Mrs. Thomas and [illegible] the [illegible] date to read [illegible] and [illegible] previous to January 4, 1905, [illegible] (representing Mrs. Thomas) to the effect that it appeared [illegible] record that Nerve Plante was not of age at the time [illegible] ment to Mrs. Thomas. It [illegible] that Plante did attain his majority soon after you wrote the letter in question, and I [illegible] Mr. Wetmore obtained another transfer from Nerve Plante to Mrs. Thomas, and on March 6, 1905 [illegible] a letter as follows: "At the time this application was executed, we were informed that the [illegible] otherwise we certainly would not have taken the [illegible]. However, we now enclose a new transfer duly executed and we hope it is [illegible] the matter [illegible]."

Inasmuch as receipt dated (above referred to) here [illegible] ber 6, 1904 [illegible] reads as follows: "Received from Nerve Plante, [illegible] of

Sec. of Interior #2.

Fisher Plants, the SW cor. N. 5 forty, being the point on the N. B. 1/4 of section 20, township 49, range 1, west of meridian, as said N. B. Noel (signature is indistinctly written), agent of Indian Trader", it seems apparent that the correct description of tract was. We papers forwarded to you on January 4, 1905 as above noted, was in proper form and approved by you and returned to the Indian Trader office at Battleford. At least this is the way I interpret it from the papers which I received at the time I arranged to purchase the 1/4 section from Mrs. Thomas.

On October 1st, 1906, Mrs. Thomas [illegible] to Mr. [illegible] the proper directions to the Territory at Edmonton, All Pts, to [illegible] that patent certificate of title for said 1/4 section to Mr. [illegible], at Battleford, Sask. I understand from Mr. [illegible] that he has [illegible] for the purchase of the 1/4 section in question here, & at the [illegible] of title [illegible] the Territory at Edmonton [illegible] to transfer from Mrs. Thomas to me the description [illegible] Notice and copy of certificate of title from said Territory to Mrs. Thomas.

Mr. [illegible] assured me that the matter would have no Mrs. Thomas was in proper form and duly approved by the proper authorities of your department, and that the certificate of title to Mrs. Thomas would be certainly issued and OK in the ordinary course of procedure in the Territorial office at Edmonton. I have no reason whatever to doubt the correctness of Mr. [illegible]'s statement, but the continued delay in the arrival of the certificate of title is [illegible] to understand and causes a considerable inconvenience because I have still some arrangements to make regarding the payment of [illegible] due from me the purchase price, and I cannot arrange for that until the papers are

Sec. of Interior #3.

on land which establishes my title to the land.

I want to ask you to be good enough to look into it up in your office and let me know if any [illegible] there is to account for the failure of the Registrar at Edmonton to issue the certificate of title to Mrs. Thomas, and if there is any reason of which I am not advised and which the papers which I have do not explain, will you kindly inform me fully regarding the matter.

I have had a very substantial payment on account of this transaction and naturally I am [illegible] your title to the land from Mrs. Thomas, and it appears that I cannot obtain title until Mr. Thomas receives his certificate from Edmonton. The reason I am taking the matter up [illegible] is because of its importance. The case is that I have written him a number of letters requesting him to [illegible] reply to them, but I think the failure to receive reply is due to the present unfair condition in the northwest country. I understand that most of the railroad are at a standstill.

[illegible] letter [illegible] explaining my position and circumstances of the case in detail in my letter, it might obviate the necessity of further correspondence, and if you will kindly look into this matter carefully at once and advise me what your records show and also advise me what if anything I can do to facilitate matters and bring about the issuance of the desired certificate of title to Mrs. Thomas, I will be under great obligations. Thanking you in advance and awaiting your reply to my [illegible] letter, I have the honor to be, Sir,

Your obedient servant,

Sir,

I beg to inquire whether you are in residence upon your homestead, the S.E. of Section 22, Township 49, Range 1, west 4th Meridian, and performing the required duties.

I would remind you that your entry for the land was protected until the 1st of August, 1905, on condition by that date you were in occupation and had ten acres broken.

The Homestead Inspector recently visited the land and found that while you had ten acres cultivated you had not yet commenced to live upon it.

Ottawa

Hon Sir, — In file no 4406 —

In reply to yours of the 11th inst

I beg to say that [illegible] month I have been [illegible] every night at my father's home, which is located on the homestead adjoining mine. We have now two comfortable buildings erected on his place, and I understand that my sleeping with him, fulfils the requirements. I am having some breaking and stubble plowing done on my quarter, and am negotiating with a party to do farming for me.

I am doing my best to work the land, but with trying to work up a business in this place, have not been able to put as much time in on the land as I should have liked to, but now that things are getting into shape, will be able to attend more to the Homestead in the future.

Hoping this will be satisfactory, I am Yours truly

J. R. Scott

The Agent at Lethbridge submits a letter from Mr. C. F. A. Leeds in which he makes application to purchase the N. E. ¼ of 10--13--18, W. 4th M., under the irrigation system.

The land applied for is vacant in the records of the Department.

The Agent submitted under date the 24th January, 1903, a letter from Mr. F. W. Elliott asking on the present applicant, who had been permitted to purchase a quarter-section at the current rate, might purchase the land in question at the rate of $1 an acre, as they had had it fenced and ploughed for some years and also put an irrigation ditch on it (file 726606). Memorandum:-

The Agent of Dominion Lands, Lethbridge, reports that on the 17th instant a Homestead entry was granted to Mr. Francis Stephen Mowcraf for the N.E.¼ of section 28, township 11, range 20, west 4th meridian, and that Mr. Barr's receipt No. 20, which he now forwards, was accepted in payment for this entry. He calls attention to the fact that such receipt was made in favour of Frank and Harry Mowcraf; and that a declaration was taken from the entrant, wherein he stated that he was the party referred to as "Frank". It is also stated that Mr. Harry Mowcraf was not desirous to locate at present, and that Mr. Frank Stephen Mowcraf wishes to know whether the Department would allow a disinterested party to locate a homestead in Harry Mowcraf's stead.

I suppose there would be no objection to permit Mr. Harry Mowcraf's nominee, if eligible, to make a homestead entry and to apply the former's entry fee in payment of such entry, but, I think it would be more regular, if Mr. Mowcraf had abandoned the idea of taking up a homestead, if he wants to apply for a refund of the fee paid to the Rev. Mr. Barr.

Respectfully submitted,

James A. Smart, Esq.,

He is not, however, sure of the boundaries of this quarter-section and states that there is a quarter- house being built and that there is a small piece of breaking and some fencing in the immediate vicinity of this quarter-section but he states that he is satisfied that it is on Section 25. Dear Sir

In reference to our obtaining the N.E.Q. Sec. 26. 12. 25 W 8th 4. M under the irrigation act I wish to state fully how the matter lies. In 1895 Messrs Lees & Elliott at a great deal of expense and trouble completed a ditch as the enclosed plan denotes. In 1896 part of the ditch was washed away after repairs floods again washed it out in 1897 rendering it impracticable to take our water supply from Willow Creek. Since then until this year irrigation has been quite unnecessary on account of wet seasons. This summer with considerable expense & trouble again we have brought our water supply from a neighbouring valley. The ditch is now in such condition that it is a question whether it is worth while to repair it. We have always depended on getting the water for this purpose from Willow Creek and if we abandon the idea of taking out the ditch. In the event of our being deprived the use of the water from Willow Creek we shall be obliged to pay for water for irrigation purposes. We have had the land valued by competent valuers. Their maps have been forwarded to the department and it will be seen that the difference in value between irrigated and non-irrigated land is very great. We are so plainly marked

By our abandoning the main supply from Willow Creek we must entirely abandon irrigation altogether after such heavy expenses that we have been put

Department of the Interior,

Ottawa, July 13th, 1905.

Memorandum.

In July 1904, Mr. C.F.A. Leeds, apparently now the Leeds, Elliott & Company, applied to purchase the N.E. 1/4 of Section 26, Township 12, Range 28, West Fourth Meridian, under the irrigation system, and on the 6th October following, homestead entry therefor was granted to Mr. F.S. Ledcraf.

The Messrs Leeds & Co. claim that they commenced ditching as far back as 1896, and that, if they cannot get this land their section 25 will be valueless; that the N.E. 1/4 of section 26 is mostly rocks and gravel and only about 50 acres of it arable land. They also claim that Mr. Medcraf made false entry.

The Inspector reported on the 19th April last that there are improvements amounting to $74 done by Messrs. Leeds, Elliott & Co. since 1888.

On File 726606, on the 29th September, 1902, the Department promised that they should be allowed to buy the half section adjoining their homesteads at $ 3 per acre.

On File 726606 the Agent on the 24th April, 1903, informed Mr. F.W. Elliott that Mr. Leeds could buy the N.E. 1/4 of Section 26 at $3 per acre. On the 13th August following the Agent reported that Mr. Leeds wanted to change to the S.E. 1/4 of Section 2-13-28, West Fourth Meridian, which was allowed by our letter of the 8th September following.

On the 28th April last the Deputy Commissioner of Public Works, Regina, stated that this firm wished to purchase also the E. 1/2 of Section 35, which half section is under lease to the Glengarry Ranche Company and is not open to sale or homesteading.

On File 26858-A is a letter from the Agent to Elliott & Co. dated the 13th May last, informing them that the E. 1/2

J.W.Greenway, Esq.,
Commissioner of Dominion Lands.

of Section 35 is not available being included in a closed lease.

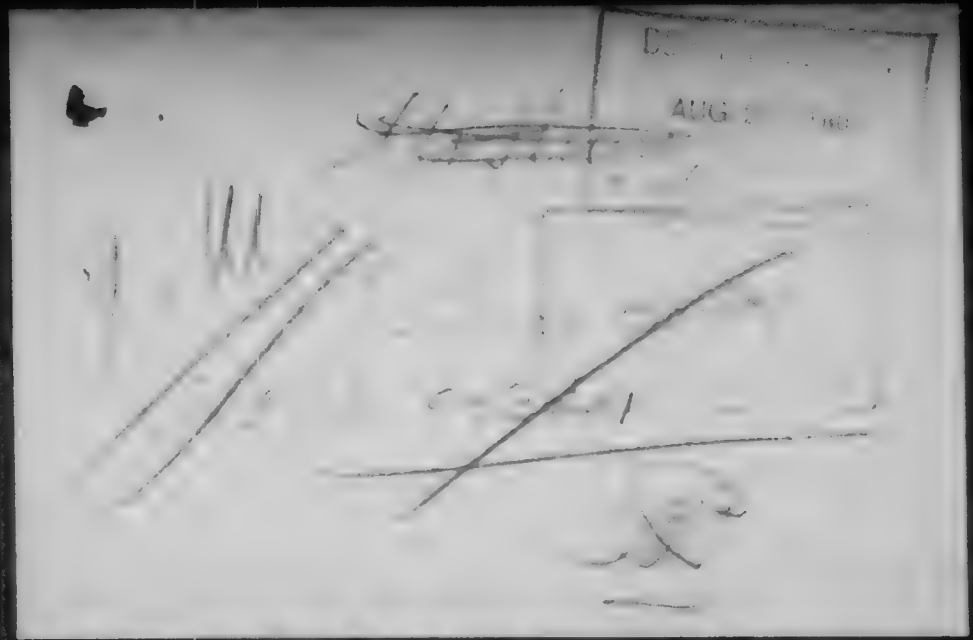

In view of the Inspector's report upon the N.E. ¼ of Section 26, I beg to recommend that Mr. F.S. Medcraf's entry be cancelled and the land sold to Messrs. Leeds, Elliott & Co., under the irrigation system, at $ 3.00 per acre.

The correspondence in this matter appears to be somewhat out of order and is contained in three Files. Mr. Stocks' letter of the 28th April last requires an answer.

Mr Goodeve—

I have verified the Inspectors statement in his report of the 4th ultimo which was accompanied Mr Stock's letter of the 21st of the same month.

I consider that when land are sold under the irrigation system, that it is just that to arrive at the ~~rate~~ proportion of land to be irrigated to the non irrigable area, the scheme in all cases should be considered as a whole and not only as part, that is to say, Messrs Elliott and Co desire to purchase 480 acres out of which 178 acres only are irrigable, owing therefore to proportion of one to four acres that whereas they irrigate 178 acres of four adjoining sections which they own, so that of the land irrigated which they own together with the area irrigated of the land they wish to purchase makes out the proper proportion

and that this is verified by the Inspector as
in this case I think that it would be
just that the sale should be carried out.

Will you please read the memo. of Mr. Wegst, of the T.P.L., Head of the Div. Office, and say if the land applied for by Messrs. Elliott & Company under the Irrigation Regulations for Operation, are to take the place of the regulations under which such lands are disposed of, that is all such lands applied for are to be capable of irrigation as one is for acres, instead of as recommended by Mr. Wegst in his memorandum.

PATENT BRANCH

Sir,

I am in receipt of your letter of the 1st inst., file 30078-1, stating that the application of Messrs. I. Lucas and Co- ll, for patents for certain lands in Tp. 18 R. 20, W. 4th M., Sask., cannot be completed from a lack of water.

In connection with this matter I would refer you to my letter of March 10, 1905, and that portion of it which reads as follows:- "I would further state that we are not able to supply water for irrigation purposes on S.E. 1/4 Sec. 32, Tp. 18, R. 20, W. 4th M., Sask., for the reason that the Canadian Pacific Railway Company have a prior claim to the water of Lake Lenore for railway purposes. This company has a pumping plant on the shore of the lake and pipe line to the railway tank, and they have a right to pump all the water they require for railway purposes, as they had before the land in question was taken up for homestead purposes. This company has also a right of way for a ditch from the lake to the railway tank, and they threaten to take action against any person who interferes with their rights in this respect. In view of this fact I am not able to see how water can be supplied to the land in question".

I am also in receipt of a letter from Messrs. Lucas and Co., dated Feb. 6th, in which they request that the application for a lease of water power in connection with the application of Messrs. Lucas and Co. for the S.E.¼ of Sec. 32, and N., Tp. 18, R. 20, W. 4th M., Sask., may be withdrawn, as they are unable to secure the water power. I am forwarding herewith the application of Messrs. Lucas and Co. for the water-power in question, as also the bond of the Canada Permanent Mortgage Corporation for the amount of the lease, together with the necessary fee of $5.00.

Mr. Campbell.

Please see Mr. Stocks' letter of the 5th ultimo, having reference to the Departmental communication of the 17th of the previous month in which he was advised that the application of ~~xxx~~ Messrs. F. Elliott and Company to purchase under the irrigation system the E.½ of Section 25, Township 11, Range 14, West Fourth Meridian, could not be entertained as the land was included in a closed lease.

It will be observed that Mr. Stocks is of the opinion that the applicants were in occupation of the E.½ of the section at the date of the lease; and urges in view of the fact that they were advised by our letter of the 25th July, 1903.(File 174[illegible] T. & M.) that if they were living on the quarter section in question at the date of the lease, provision was made therein for the withdrawal of the land from the leasehold, ~~xxx~~ such provision should now be put into force and the land withdrawn from the leasehold and sold to them.

Kindly let me know whether Mr. Stocks' contentions in this regard are in accordance with the facts.

I note that no mention is made of the W.½ of the section, so it may be assumed that they no longer desire to secure this parcel.

Department of the Interior,

Ottawa, Sept. 24th., 1896.

MEMORANDUM:

With reference to Mr. Coté's memorandum of the 11th inst. last, relating to the application of Messrs. Leeds, Elliott & Co. to purchase the N.E.¼ of Section 26 and the E.½ of Section 35, Township 13, Range 28, West fourth meridian, I beg to say that the Superintendent of Irrigation was duly asked, in accordance with your decision, to furnish the Department with a report in regard to such application, and the Agent informed that it would be necessary, before any further action might be taken in the matter, for this department to be furnished with evidence that the applicants were located on the property at the date of the granting of the lease.

The Commissioner of Irrigation recommended in his letter of the 14th June last that the applicants be granted permission to purchase the E.½ of the said section in addition to the N.E.¼ of section 26, upon the necessary evidence being furnished as to their occupation of the land at the date of the lease; and the Agent of Dominion Lands at Lethbridge forwarded with his letter of the 22nd ultimo a declaration made by Mr. Leeds, in which the latter states that he is a member of the firm of F. Elliott & Co; and the said firm went into occupation of the E.½ of the section in question on or about the month of May 1896; also, that the improvements completed by the firm are as follows:-

Fencing

W. W. Cory, Esq.,
Deputy Minister of the Interior.

Fencing about one-half of the said section with three strands of barbed wire.

An irrigating ditch running northerly and southerly through the entire half section of a uniform depth of two feet and of a uniform width of four feet on the bottom.

As the lease was granted on the first May 1905, and Mr. Leeds contends that the applicants went into occupation on the property in May 1890, they would appear to have satisfactorily established their occupancy to the half section.

As will be seen on reference to Mr. Otto's said memorandum, it was inferred from a communication received from Mr.Stocks that the applicants desired to confine their application to the N.E.¼ of the Section, but it would seem from Mr. Leeds' declaration that they desire that their application for the whole of the E.½ should be favourably considered.

Respectfully submitted,

Acting Chief Clerk.

Referring to the correspondence ending with the 2nd August, 1905, your reference 47715, relative to the location granted at the commission sitting for the Lethbridge district, I have to say that it appears from the records of this office that the location was cancelled, and it is the impression that the land was thrown open to homestead entry, but I am unable to find any record to show that it was ever patented.

No payments have yet been made on account of these purchases. The time for the construction of the ditch has been extended to 1st August, 1908, and the applicants seem to have been under the impression that no payment would be required until the works were completed. They now ask an extension of time within which to make payment on this but state that it is difficult to say when they may be ready to call for the patent, on account of water recently.

Under these circumstances I presume an extension of time will be granted to, say 1st January, 1908, interest being charged on the overdue payments.

MEMORANDUM:-----Mr. Campbell.

In a letter marked hereon Messrs. Leeds and Elliott take exception to the demand made by the Department for payment in full on certain lands sold them under the irrigation system. The lands sold and the balance remaining due are as follows:-

Time Sale 5004--N.E.¼ 26-12-28-4

21st Oct.,1905--160 acres @ $3.00 $480.00
Credit by cost of works-$ 44.81
Balance due------ 435.19

$480.00-- 480.00

Time Sale 5005--E.½ 35-12-28-4.

1st April,1907--320 acres @ $3.00 $960.00
Credit by cost of works-$ 80.02
Balance due------- 879.98

$960.00-- 960.00

Total cost of the irrigation works was $409.70 but only 78 acres of the total area irrigated (256 acres) are on the lands purchased, consequently only $\frac{78}{256}$ of the total cost of the works viz.-$124.83 can be credited on the purchase price.

The N.E.¼ of Sec. 26 was sold on the 22nd of August, 1905, and the first payment of one-fourth the purchase price became due on the 21st of October of the same year. The East half of Sec. 35 was sold on the 31st of January, 1907, and the first payment became due on the 1st of April of that year. Before the sale of the E.½ of Sec. 35 was authorized the applicants were required to submit satisfactory

evidence

evidence that they had been in actual occupation of this land prior to the date of a certain grazing lease in which it was included and Mr. C.F.A. Leeds, one of the members of the firm, filed a statutory declaration on the 3rd of July, 1906, to the effect that they had been in occupation of this land since May, 1890, that they had partly fenced it and had constructed an irrigation ditch running through the entire half-section. This statement was regarded as satisfactory proof of occupation and the sale was made.

No payment has yet been made by the purchasers but, on the 28th of February, 1908, they requested an extension of time and were granted such an extension to the 1st of September, 1908.

The purchasers state that the reason they have not made any payments was, that the land had not really been turned over to them. They further state that they do not think the cost of the irrigation works has been credited to them and they ask that the amount due be divided into several yearly payments and not required all at one time. The statutory declaration above referred to disposes of their statement that the lands had not actually been turned over to them, and their request in February, 1908, for an extension of time within which to make payment is satisfactory evidence that they were duly advised of the sale of the lands.

As the amount due is large, viz.- $1315.17, plus accrued interest, I would suggest that one-half the principal be payable on or before the 1st of December, 1909, and that the balance, plus interest, be made one year later.

Gentle on:-

I hor to acknowledge the receipt of your letter of the 17th ultimo, [illegible] account of the S.½ of Sec. 26 and the S.½ of Sec. 31, [illegible] p. 11, W. 5, but in the 4th [illegible], that the land has [illegible] been [illegible] the conditions of the [illegible] Act.

It is noted that you are under the impression that you would be entitled to make [illegible] this land as that you found it difficult to [illegible] while you were up at once. I do not suppose that any [illegible] rules [illegible] the following terms: the first payment [illegible] of entry [illegible] the date of the sale, and the remainder, less [illegible] the cost of the irrigation works [illegible] to it [illegible] instalment of irrigation, become due upon the [illegible] of the sale.

It is also noted that you did not make any payments owing to the fact that the land had not been turned over to you. In connection with this I may say that the S.½ of Sec. 26 was sold [illegible] the 21st of October, 1905, and the S.½ of Sec. [illegible] sold [illegible] the 1st of April, 1907, and that, so far as the Department is aware, these lands have been controlled by you from those dates. They certainly have not been due for settlement by any

Messrs. Leeds & Elliott,
Willow Creek Ranche,

any other persons.

The ~~quoted~~ total cost of your irrigation works, as certified to by the Commissioner, is $409.70 but, as only seventy-eight acres of the 256 acres included in your irrigation scheme are on the land purchased, only a fraction of the total cost can be credited on the purchase price. The proper proportion of such cost to be credited on this sale is $[illegible], and this amount has been duly credited.

As the amount remaining unpaid for crediting the proper proportion of the cost of the works is still $[illegible], which should include accrued interest, it has been decided to permit you to pay half the principal on or before the 1st of December, 1909, and the balance, together with the accrued interest, within one year from that date.

There are two time sales in connection with this matter, viz:- time sale 8004, comprising the N.½ of Sec.24. in this case the sum of $80.32 has been allowed on the purchase price as the proper proportion of the cost of the irrigation works, and one payment of $40 has been made, which has been apportioned as follows:- $35.25 as interest from the 1st April, 1907 to the 28th April, 1910, leaving a balance of $4.75 to be credited on principal, thus leaving the sum of $865.25 due, to which should be added interest from the 28th April, 1910.

Time sale 8005 comprises the N.E.¼ of Sec.26, and there has been allowed the sum of $44.81 as the proper proportion of the cost of the irrigation works, leaving the sum of $45.19 due on account of principal, to which should be added interest from the 1st October,1905, to the date of payment.

Ottawa, December 5, 1910.

MEMORANDUM for Mr. Campbell:

The following lands have been sold to Messrs. Leeds and Elliott, of New Oxley, Alta., under the irrigation system:

Time Sale 6004, comprising the E.½ of section 35, tp. 12, rg. 28, west of the 4th meridian. A credit of $[illegible] has been allowed in this case for the cost of the work, and the payment of $150 has been made, which has been apportioned as follows: $131.25 as interest and $14.75 as principal, thus leaving a balance of $[illegible].17 due, to which should be added interest from the 16th April, 1910.

Time Sale 6005, comprising the N.E.¼ of section 16, tp. 11, rg. 28, west of the 4th meridian; $44.81 has been credited on account of work, leaving the sum of $[illegible].19 due on account of principal, to which should be added interest from the 21st October, 1909.

At the request of the purchasers the Department agreed some time ago to permit them to pay one-half of the purchase price on or before the 1st December, 1909, and the balance on or before the 1st December, 1910, but the only payment made under this arrangement was the $[illegible] above referred to. The purchasers now state that they sustained a total failure of crop during the past year and find it impossible to meet these payments immediately. They ask for a further extension of time until next spring in order that they may arrange to sell some stock with which to meet the payments.

I beg to recommend that an extension of time

t 1st July, 1911, be granted for this purpose, but in view of the considerable amount due and of the fact that so little has been paid on account, I think the purchasers should be advised that the Department will insist upon payment being made within the extended period now granted. Interest will, of course, be charged on the over-due payments.

Sir.-

With reference to your file 47788, respecting the sale of the N.½ of sec. 35 and the N.E.¼ of sec. 26, tp. 12, rg. 28, west of the 4th meridian, to Messrs. Leeds & Elliott, of Claresholm, Alberta, and to the application of these gentlemen for a further extension of time within which to make a final payment thereon, I beg to call your attention to my letter of the 6th October last, to which no reply has as yet been received.

You were advised in that letter that it would be necessary for the applicants to fix a definite time within which they expect to be prepared to pay the balance due on said sale, or a reasonable proportion thereof before their request for an extension of time would be favourable considered. Will you please take this matter up with the purchasers and endeavour to get them to state definitely when they will be prepared to pay the balance due on account of the sale.

Your obedient servant,

Asst't Secretary.

I beg to acknowledge the receipt of your letter of the 19th instant - your file 47789 and in reply to say that the fact of an extension of time having been granted to Messrs. Sir,

I beg to acknowledge the receipt of your letter of the 10th ultimo, relative to the purchase by you of the S.E.¼ of section 35 and the N.E.¼ of section 26, township 12, range 26, west of the 4th meridian, and note your desire for a further extension of time within which to complete the payments on this land.

In reply I beg to say that the land referred to was sold to the firm of Leeds and Elliott, the N.E.¼ of section 26 having been sold on the 23nd August, 1905, and the S.½ of section 35 on the 31st January, 1907. Payment in full has, however, been made for the N.E.¼ of section 35 and patent for this quarter section has issued in the name of Mr. Leeds. The remaining lands, however, still stand in the name of the firm.

It has been decided, in view of the representations made by you, to grant a further extension of time to 1st October, 1914, for making a final payment on these two quarter sections. This extension is granted, however, upon the understanding that payment in full will be made within the period now granted for that purpose, together with accrued interest.

OTTAWA, 26th May, 1920.

Sir,

I have received your letter of May 14th, respecting the application of Mr. Elias Walter on behalf of the Hutterian Brethren, for a water right on the Belly river, and note that you do not agree with the opinion expressed in my letter of the 5th of May that an application for the irrigation of less than 640 acres, which complies with certain provisions contained in P.C. 1839, should be given priority over other applications which are being held in abeyance.

~~I think~~ It is clear, from the last paragraph of P.C. 1839, that applications for the diversion of water from sources of supply affected by the Order-in-Council, for the irrigation of less than one section of land, may be proceeded with as though P.C. 1839 did not exist. It was fully realized that the development of small projects, coming within the limits defined by the Order-in-Council, should not be delayed.

If a number of applications are received for the diversion of water from one of the sources of supply affected by P.C. 1839, all but one of which are for the irrigation of more than a section of land, the one may be proceeded with immediately, ~~and~~ provided it is a complete application, and assigned a priority superior to the others. The others must be held in abeyance until such time as you have made an investigation, and are in a position to state what lands should, in your opinion, be irrigated from that particular source, and what water is available for their irrigation. If the water supply is sufficient for all of these lands, then the applications should be assigned priority among themselves, in the order of the date of filing of the respective applications, but if the water supply is insufficient for all of the applications, then the Department must make the division of the available water supply. After having done so the various applications should be assigned priority among themselves in the order of the date of filing of the respective applications.

On more than one occasion lately, I have objected to your placing a definite priority on stream and drainage basins opposite applications received and filed by you, partly for the reasons given above and partly because there may conceivably arise, at a later date, claims and law suits from disappointed applicants. It is also conceivable that such claims might be upheld by the courts, if, upon examination of your records, it was found that definite priorities had been assigned to these applications and later cancelled and given inferior priorities.

Director.

Gentlemen,

Your two letters respecting Mr.F.W.Elliott and the S.E.35 and the N.E.26, in township 12, range 26, west of the 4th meridian, were some time ago received in the Land Patents Branch of this Department, but have only just been referred to me for reply.

These two parcels of land were sold to Mr. F.W.Elliott, subject to the regulations covering the sale of lands in connection with any irrigation project. A copy of these regulations is enclosed for your information.

The sale was made at the rate of $3.00 per acre, subject to an allowance not exceeding an amount of $2.00 per acre, for construction of the works.

The sale of the lands was not subject to any conditions as to their actual irrigation, and patent will be issued to Mr. Elliott upon the completion of the payment of the outstanding balance which is shown on the statements enclosed.

When patent issues it will be subject to the usual reservations including mines, minerals and irrigation.

I trust that the information given will be sufficient for your requirements, but if not, any further information will be gladly furnished you at your request.

I beg to advise you that the Soldier Settlement Board has reported that your agreement with the Board respecting the above land has been rescinded, and the Minister has signed a Vesting Order by which your right, title and interest in this land is forfeited and vested in the Soldier Settlement Board. Under the circumstances, your entry for the above described land is hereby cancelled, and you are notified that you no longer have any interest in the same.

The Agent of Dominion Lands at Lethbridge is being notified to this effect by a copy of this letter, and will take the necessary action in his records.

According to the statement submitted by the Soldier Settlement Board it would appear that after disposing of your patented homestead and pre-emption there may be a surplus over and above your indebtedness to the Board. As the evidence on file indicates that you had completed sufficient settlement duties in connection with your pre-emption the Board states that it is the intention to refund to you any surplus which may accrue in this connection.
